Chosen of material depends on function of the gears. Mostly, we use carbon steel, stainless steels, high impact alloy steels, and other wear resistance steels to take the gears.

Meat Grinder Screw
We can provide high quality products.

Meat Grinder Cylinder
The quality inspection equipment includes spectrometer, tensile testing machine, 3D coordinate detection, etc.

Meat Mincer Screw Cover
Materials:
stainless steel, such as AISI 304, AISI 316.
Used in restaurant and home

Meat Grinder Casing
We can print your private logo according to your request.
